

4/5/20

Dear SAHS Students and Families,

We hope this communication finds you all well. We wanted to let you know that the second round of learning opportunities and materials has been created for SAHS students and designed to cover April 6th - April 17th. These materials are course specific, for example, Algebra 2, Biology, US History, etc. and will be available beginning Monday, April 6th. There are three different ways to access these new learning materials:

1. Online at:  
<https://sites.google.com/msad54.org/msad54-distance-learning/sahs-resources/weeks-3-4-packets>  
For a map of SAHS free Internet outside our building, you can access: <http://www.msad54.org/wireless-building-range#sahs>
2. At SAHS, Mill Stream Elementary, Margaret Chase Smith Elementary, and Canaan Elementary there will be stations set up where students and parents can select learning materials based on the courses students have on their current schedule. The learning materials are sorted by subject and by course. Please select the courses you/your child are currently enrolled in. Please keep the box neat and organized as you select your learning materials. Schools will be open M-F between 8-2 with some slight variations earlier or later. Please maintain social distancing of at least 6 feet should more than one person be trying to access the learning materials.
3. There will be a small supply of materials on busses. These materials have one copy of all educational opportunities. Please only use this option if you are not able to get to a school or access the materials online.

Students may hand in learning materials via email for teacher feedback. Should students have questions regarding the work, they may reach out to their teacher during the day and time you would normally have their course, Day 1-2 Blocks 1-4.
