## Science Department

### Mrs. Bolvin Biology and Anatomy

- Pencils or pens
- Ring binder (at least 1.5")
- Supply of lined paper either in a spiral bound notebook or loose leaf
- Optional: ear buds/headphones with standard headphone jack (or Bluetooth)

### Mrs. Bolvin Physics

- Pencils or pens
- Ring binder (at least 1.5")
- Supply of lined paper either in a spiral bound notebook or loose leaf
- **Highly recommended but not essential** - Scientific calculator (doesn't have to be programmable like TI-83 etc. It's more important that it can do scientific notation, square roots, and the student knows how to use it. Any of the TI-30 line of calculators by Texas instruments should work quite well and are not very expensive.)
- Optional: ear buds/headphones with standard headphone jack (or Bluetooth)

### Ms. Drummond – all classes

- 1.5" 3-ring binder
- Notebook paper
- Chemistry: Matter & Change Textbook
- Pens and pencils
- Hand-held pencil sharpener- optional
- TI-30X IIS (optional) - if you do not already have a graphing calculator this is

the *scientific* calculator I recommend, it is affordable, easy to use, and has all the features science students will need. We have some in class, but not enough for everyone in large classes.

### Mrs. LaCasse – all classes

- Pencils
- Composition notebook (some students fill these and need 2)

- 1.5” Binder
- 5 Binder dividers
- Headphones with standard headphone jack (or Bluetooth)
- Clear tape
- Colored pencils, highlighters, and/or colored pens
- Sticky notes (any size, but post-It brand preferred, they stick the best)
- **Highly recommended** - TI-30X IIS-if you do not already have a graphing calculator this is

the *scientific* calculator I recommend, it is affordable, easy to use, and has all the features science students will need, we have some in class, but not enough for everyone in large classes.

### Mr. Martin Physics

- Pencils or pens
- Ring binder (at least 1.5”)
- Supply of lined paper, either in a spiral bound notebook or loose leaf
- **Highly recommended but not essential** - Scientific calculator (doesn’t have to be

programmable like TI-83 etc. It is more important that it can do scientific notation, square roots and the student knows how to use it. Any of the TI-30 line of calculators by Texas instruments should work quite well and are not very expensive.)

### Ms. Green– all classes

- Binder
- Pens and/or pencils
- Optional: highlighter

### Mr. Pillsbury – all classes

- Pencils or pens
- Ring binder (at least 1.5”)
- Supply of lined paper either in a spiral bound notebook or loose leaf
- **Highly recommended but not essential** - Scientific calculator (doesn’t have to be
